ESTATE PLANNING

STEP 2 OF ESTATE PLANNING FOR YOUR PETS TAKE INVENTORY

Cleo the Cat is wondering, "Why is my name on that list Mommy?"

Hopefully you were able to read our December Newsletter, where we went over **STEP 1**, but if not, you can read our December newsletter [HERE](#). This month we have added a step to our blog on **5 Simple Steps to Estate Planning for your Pet** and you can read it as we continue with our series. In the first part of the Blog, **STEP 1** is "The Talk" and **STEP 2** is "Take Inventory".

Read our Blog [HERE](#).

PERPETUAL CARE

2023 ANNUAL IMPACT REPORT

We love that our mission helps pets, but along the way, what we have discovered is the added beauty that our mission also helps people and it's so much bigger than rescuing pets.

We give pet owners the peace of mind that their pets are going to be safe and happy for the rest of that pet's life. The stories are heartwarming and rewarding for us and we hope they are the same for you. And perhaps they will also convince you the importance of having a documented plan for your pets.

Steve with Kali

In 2023 Perpetual Care assisted Steve with his dog therapy dog Kali. Read Steve and Kali's story and other medical assist stories in our [2023 Impact Report](#)

Brandy's Rescue Story

Brandy's owner became too ill and was no longer able to care for him. When she went into the hospital, she called on Perpetual Care to take Brandy and rehome him. Read the whole story [HERE](#).

PET CARE

WHY IS MY PET COUGHING?*

Whether your pet is a cat, dog or horse, coughing is an indication of something going on with your pet that can be environmental, medical or behavioral. There can be many reasons why your pet has started coughing. Read our Blog to get some ideas of how to address your coughing cat, dog or horse.

*This is not intended to be a medical diagnosis for your pet. We always recommend that you consult a veterinarian for full workup and diagnosis.
